# Selectmen's Report To The Town

With a few exception 1959 might be called a routine year as far as the operation of town government is concerned. The most unusual occurrence was probably the tragic crash of the Air Force Tanker on Andover plains on the night of July 22nd, when its crew of seven lost their lives.

Weather conditions were not too unusual thru the year. Plenty of rain during the ordinarily dry periods in spring and fall kept down the grass and forest fire hazards. Heavier rain toward the end of the year did considerable damage to roads, and was in part responsible for the overdraft of town road appropriation. Fortunately there remained enough unspent money in other accounts to balance this off and still leave an appropriation surplus of over $2,000.

The town balance sheet shows a net addition of $1,777.66 to surplus for the year, which now stands at $13,990.82.

Town meeting this year falls on the earliest possible date, March 8th, which means that candidates for town and school offices must also file with the clerks a little earlier. Deadline is 6 p. m., Monday Feb. 29th. Filing fee $1.00.

## CONCERNING TOWN GOVERNMENT

The money raised for town government was more than required, with $850 of the $7,000 appropriation left over. The town hall exterior was painted by Francis Shaw and the new windows were installed. Refinishing of the selectmen's room was deferred due to pressure of other business, but this is not a major item of expense. We suggest that this be done in 1960 and that the interior of the hall be painted. Funds to cover are included in the budget. This being a presidential election year the expense of election and registration will run much higher ($506 in 1956) and this also has been allowed for. Altogether we feel that an appropriation of $6,500 for town government purposes will be sufficient.

As directed by the 1959 town meeting the Planning Board has drawn up a proposed building code for the town. This is a controversial subject, and after much study the board has endeavored to select the best provisions in the building codes of other communities which have pioneered in this field before Andover,

and to adapt them to fit our own conditions. The proposed code is printed in full in the report of the Planning Board. We ask that you give it serious study and consideration before the coming town meeting.

A complete listing of all 1959 assessed valuations on real estate appears in the back of this report. Last printed in 1953, we feel that it is time to include it again.

**CONCERNING HIGHWAYS AND BRIDGES.**

Among the accomplishments of the past year, in addition to routine maintenance, are (1) the completion of the Hame Shop bridge, with one new abutment, a steel floor and asphalt traveling surface; (2) completion thru Town Road Aid of the last section of the Flaghole road between the cemetery corner and the top of Flaghole hill; (3) two short sections of new blacktop on Chase Hill and the Grigorenko road; and (4) the laying out by the selectmen and the partial improvement of a new town road at Bradley Lake from a point near the water intake to the Bradley Brook. A number of new cottages have been erected in this area in the past few years and more are in prospect.

With the completion of the State-Federal highway project at Woodward's Corner the last major highway grade crossing in town has been eliminated. As a result two short sections of old US 4 have been added to the town Class V road mileage. The two dwellings in the way of the new project were moved to new locations in town.

We recommend the same appropriations for highway purposes as in 1959 except for the Hame Shop bridge item.

The District No. 4 Highway Engineer's Office at Lebanon reports an unspent balance of $1,303.31 in Andover's 1959 T. R. A. account. Floods in other parts of the Division disrupted its construction schedule. This balance may be used for culverts and other advance work prior to July 1, 1960, as an addition to the 1960 T. R. A. allotment.

**CONCERNING RECREATION**

The old box shop foundations at the bathing beach were filled in last spring, to more than double the parking space at Highland Lake, and a launching ramp was provided on the "stream" at East Andover to accommodate the many boats which now use the lake.

East Andover volunteer firemen handled the parking at the bathing beach thru the summer, and the parking fees received were used to buy a new portable fire pump for the service of

the town. The parking charge for out-of-town users of the beach was raised from 50c to $1.00 to equal a similar charge at Webster Lake. Later in the season it became necessary to make the charge on week days as well as Saturdays and Sundays, to hold down the crowd and prevent outsiders from taking over and crowding the townpeople out of their own beach. Being unable to handle the extra work on a volunteer basis the fire company hired an attendant to cover the beach on week days. Financially there was no profit on the deal, but the company did manage to break even and the beach was protected against overcrowding.

There has been a certain amount of chiselling and bootlegging of resident beach stickers to gain free use of the beach for friends and relatives from out of town who were not entitled, with resulting ill will. To remedy this situation a committee from the fire company is drawing up a proposed set of parking regulations for consideration of the town meeting, which it is hoped will be fair to everyone.

More money was spent than was appropriated in completing the parking area job and the launching ramp. To further improve the beach and picnic area we suggest that the town go back to the $500 appropriation of former years.

**CONCERNING HEALTH DEPARTMENT MATTERS**

As no town nurse had been acquired last summer when the tax books were made up, only one half of the $3,400 voted by the last town meeting was raised. Of this amount the only expenditure was that of $97.00 to Mrs. Margaret Fenton for making the required health tests in the schools. At the present time Mrs. Evelyn Klotz is doing this work.

No prospects for a town nurse are in sight, and the voters must decide what they wish to do in the way of appropriating funds for health service.

**ITEMS OF GENERAL INTEREST**

Mrs. Maria A. Chase, who has served the town faithfully as its Town Clerk since the death of her husband, Fred F. Chase, in 1937, is retiring from the office this year. Mr. Chase was clerk before her from 1915 to the time of his death, and the office of the town clerk has been in the same house over 40 years.

More than the usual number of real estate transfers took place during the year, many of them bringing in new full time and summer residents from other areas. While we regret the loss of old friends and residents who have moved away, it

seems appropriate to take this opportunity to welcome those who are moving into our town for the first time.

With the removal of Dr. Willey H. Norton to Concord the town is without a resident physician for the first time in this century.

We wish to thank Proctor Academy for extending the use of its grounds for the 1959 July 4th Celebration. This event seems destined to grow in popularity with each passing year, filling the place once held by Old Home Days. Perhaps a few Old Home Day features might be incorporated into this annual event.

Last December the Boston Post gold headed cane was awarded to Mr. Henry M. Powers at West Andover, who becomes at 92 the town's Senior Citizen.

Clean-Up Days were scheduled at East Andover last April 18 and 19. Several large dead trees were removed along Route 11, all bottles and other refuse were cleand up along th highway right of way from the Franklin town line to Alpine, grass and weeds around the village were burned, and other projects carried out.

Town histories at $2.00 and town maps at 25c are still available. See either town clerk or the selectmen.

**PROSPECTS FOR 1960.**

The last of the high school construction indebtedness has now been paid off, leaving the school district as well as the town completely out of debt. Both budgets for 1960 are slightly lower than last year, and at this time a modest reduction in the tax rate seems possible.

# The 1959 Tax Dollar

## Where Our Money Goes

# Tax Title Property

The properties listed below have been acquired by tax collector's deeds following sales for tax delinquency.

3 acres of land formerly taxed to the Fred Goings estate. A tract on the plains which has now been almost completely stripped of gravel for highway purposes.

A small frontage on the Highland Lake "Stream", formerly the site of the Walter J. Heath house and store. This tract was voted not to be sold by a previous town meeting, and is the site of the launching ramp for boats.

1 acre of land on Route 11 opposite Alpine Crossing, formerly taxed to Stanley Kilburn. This is being held for possible future use by the town.

50 acres of woodland near Tucker Mt. formerly taxed to Fellows & Son. It borders on the Hill town line and lies for the most part on the north side of the Tucker Mountain ridge. This may be purchased from the selectmen for $800.

1/2 acre of land of the former John Supernor estate, located between Route 11 and the railroad right-of-way near East Andover, of little value for any purpose.

2 acres, more or less, on the trail from the dump road to the Taunton Hill Road, last taxed to Helen Tucker. The shack on the premises was burned by the selectmen last December to eliminate a nuisance. Land is of little value.

Field stone cottage on land of the Ragged Mt. Fish and Game Club, formerly taxed to Charles F. Barnard. This cottage is on private land, can only be transferred to a member of the club, and will be so handled eventually when certain legal tangles have been settled.

During the past year the Henderson-Young tract on Tucker Mt. was sold to Frank X. Simonds for $725 and the Frank Elmer Woodward tract to Charles W. O'Kelly for $105. Both appeared on the 1958 tax title list. There were no additions to the list in 1959.

# Report of the Planning Board

During the past year the planning board has averaged one meeting a month, with an average of five of the seven members in attendance. In addition we have had at least one carpenter present at every meeting in which the building code was discussed.

The drafting of a building code was no easy matter for us, as we wanted to keep it as brief and concise as possible and yet do the job that we felt you wanted it to accomplish. There can be many variations of opinion regarding certain parts of the code, and we look forward to discussing them with you at the town meeting. The final draft of the code prepared by the planning board is printed in full on the following pages for your serious consideration, to be accepted or rejected by you either in part or in the whole.

During the course of the year we have had one inquiry relative to moving an electrical motor manufacturing business into town. It is our hope that the owner of this concern will come to Andover to discuss with the planning board the feasibility of making such a move. In talking with his representative we have tried to encourage the move and have shown our willingness to assist him in any possible way.

# PROPOSED BUILDING REGULATIONS
## for the
## Town of Andover, New Hampshire

---

To promote the health, safety and general welfare of the town by regulating the construction of buildings thereon in the Town of Andover, New Hampshire, the following ordinance is hereby enacted by the voters of the Town of Andover, New Hampshire, in town meeting convened:

**I. Building Inspector**

A. Appointment: The Building Inspector shall be appointed annually by the Board of Selectmen. In the event of the death, disability, resignation, or disqualification of the Building Inspector, the Selectmen shall appoint an Inspector to serve in his place. The Selectmen may, for cause and by majority vote, disqualify the Building Inspector at any time.

B. Compensation: Compensation for the Building Inspector shall consist of all fees collected, less the cost of printing applications, permits and receipts.

**II. Duties of the Building Inspector**

A. The Building Inspector shall be the administrative officer of this Ordinance. He shall:

1. Receive applications and fees for the erection and / or alteration of buildings and electrical wiring thereof as provided in this ordinance.
2. Applications and actions thereon shall be in triplicate, one copy to be retained by the applicant, one by the Building Inspector, and one filed with the Board of Selectmen.
3. Promptly survey sites of proposed buildings or buildings to be altered, and study proposed uses of said buildings.
4. Issue or deny permits within ten (10) days of receipt of application.
5. Make periodic inspection of all building construction and alterations of existing buildings to see that the

terms of this ordinance are being fulfilled.

6. Report violations of this ordinance immediately to the Board of Selectmen.

7. Take such action in the enforcement of this Ordinance as may be directed by the Board of Selectmen.

**III. Requirements for Permit**

A. No building construction shall be started, no alterations of existing buildings of an estimated cost of more than $100.00 undertaken, and no building shall be put to any different use than on the day of enactment of this ordinance until a permit therefor has been issued under the terms of this ordinance.

**IV. Duties of the Applicant**

A. Any person, persons, partnership, or corporation intending to construct a new building or to make alterations of existing buildings shall first make application for a permit on forms obtained from the Building Inspector.

1. Said application shall be accompanied by a sketch or plan of the proposed building or alterations to be filed by the Building Inspector.

2. Said application shall be accompanied by a signed statement of the intended use of the building upon completion of construction or alteration.

B. The applicant shall make the premises accessible to the Building Inspector at reasonable times for the performance of his duties.

**V. Application Fees**

A. The fees for permits shall be according to the following schedule:

| Value | Permit Fees |
|---|---|
| $100-$500 | $2.00 |
| $500-$1000 | 5.00 |
| $1000-$10,000 | 10.00 |
| Over $10,000 | 25.00 |

**VI. Structural Requirements**

A. Commercial, Industrial, and Buildings for Public Use..

1. Any building constructed for industrial, commercial or public use shall provide for non-combustible walls and partitions between its component parts. Any building intended for such use and altered in excess of fifty per cent (50%) of its total area shall, if constructed of com-

bustible materials, provide fire stops in all walls and partitions, at every floor, and between floor joints in every partition.

2. Any building intended or designed for any public use or congregation of people shall provide, when erected or aled or altered, exits as approved by the office of the State Fire Marshal.

3. No public garage for the storage of five or more motor vehicles, or no building having automobile service or repair enterprises connected therewith, shall be erected, altered, or enlarged, unless the building is constructed, either in its entirety or to the extent of the alteration, enlargement, or addition, of material commonly considered slow burning or noncombustible. The use of approved automatic sprinklers may obviate this requirement.

4. All heater room walls shall be covered with either fire-resistant or non-combustible material.

B. General Provisions

1. All dwellings, trailers, and all commercial, public and industrial buildings shall be equipped with flush toilet, septic tank, and adequate disposal facilities.

2. No roof of any building shall be covered or recovered in whole or in part save with non-combustible or fire-resistant roofing materials.

3. All chimneys shall be tile lined and provided with a clean-out door. Chimneys shall extend at least 30 inches above the highest point where they pass through the roof of a building and at least two feet higher than any portion of the building within ten feet. No chimney shall be built, erected or altered below the roof having wood or other combustible materials within one inch of the chimney, and no chimney shall have its base resting upon any floor or beam of combustible material. Factory-built chimneys approved as a result of tests and listing by a nationally recognized testing laboratory shall be installed in accordance with the condition of this approval.

4. No wallpaper or other combustible material shall be laid over any thimble or thimble hole in any chimney.

5. No smoke pipes shall be installed or erected so as to be within twelve inches of any combustible floor or ceiling, unless amply protected with non-combustible material. No smoke pipe shall be installed or erected which passes into or through partitions or walls of combustible mater-

ials, except when guarded by a double collar of metal, with air space of at least five inches, or by at least five inches of brick or other non-combustible material between the pipe and the combustible material.

6. Electrical wiring installed in any new building, or installed or extended during any reconstruction, alteration, or remodeling of any building, shall conform to and comply with the regulations and amendments to regulations of the National Board of Fire Underwriters, said regulations known as the National Electric Code.

7. All structures shall be set on solid foundations of cement, brick, stone or other acceptable masonry, except that in special cases where buildings are to be used for accessory use, industrial use, warehouses and the like, the Building Inspector may conditionally waive the requirements of this section and permit the use of wood, metal or masonry piers. Minimum requirements for single family seasonal residences shall be masonry piers.

8. Every building to be used as a residence shall have a minimum ground floor area of 480 (four hundred eighty) square feet outside measurement.

9. Buildings must be framed according to good building practice, and outside walls shall be covered with permanent materials customarily used, such as wood or fire-resistant shingles, sidings, clapboards, brick, stucco, concrete or cinder blocks or other acceptable materials. All buildings must be finished on the exterior within three years after starting of their construction.

10. All dwellings and commercial buildings shall be connected to a private sewage disposal system consisting of a septic tank and drainage system to be approved by the Building Inspector.

11. The construction of small accessory buildings not used for living purposes, together with minor alterations, repairs and general upkeep of existing buildings, may be exempt from the provisions of this Ordinance at the discretion of the Building Inspector.

**VII. Board of Adjustment**

A. Pursuant to Chapter 205, New Hampshire Laws of 1959, there shall be a Board of Adjustment, which shall have the power and duties described therein.

B. The Board of Adjustment shall consist of three members appointed by the Selectmen, one of said three members to

be a member of the Planning Board, and shall have authority to allow slight variances from the terms of this Ordinance.

**VIII. Amendment**

A. This Ordinance may be amended by a majority vote of any legal Town Meeting when such amendment is published in the warrant calling for the meeting.

**IX. Enforcement**

A. Upon any well-founded information that this Ordinance is being violated, the Selectmen shall take immediate steps to enforce the provisions of this Ordinance by seeking an injunction in the Superior Court or by any other appropriate legal action. Whoever violates any of the above regulations shall be punished upon conviction by a fine not exceeding $10.00 for each day of each violation, plus all legal costs in connection with settling the issue.

**X. Takes Effect**

A. This Ordinance shall take effect upon its passage.

**XI. Conflicting Provisions**

A. Wherever the regulations made under the authority hereof differ from those described by any statute, ordinance, or other regulation, that provision which imposes the greater restriction or the higher standard shall govern.

**XII. Validity**

A. If any section, clause, provision, portion or phrase of this Ordinance shall be held to be invalid or unconstitutional by any court or competent authority, such holding shall not affect, impair or invalidate any other section, clause, provision, portion or phrase of this Ordinance.

## Call Your Nearest Fire Department

| **Andover Fire Dept.** | **REpublic 5-2200** |
| **East Andover Fire Dept.** | **REpublic 5-2900** |

For permits for all outside fires (which must be obtained wherever the ground is not covered with snow) call or contact the town Fire Warden, Victor E. Phelps, whose telephone is REpublic 2-2561.

The home of Bennie L. Decato was the only building lost by fire during 1959.

The greatest tragedy of the year was the crash and burning of the K-97 Strategic Air Command tanker on the night of July 22nd on the farm of Budd H. Keyser, bringing sudden death to all seven crew members. By a miracle the big plane crashed and exploded just far enough from several occupied dwellings nearby to avoid an even greater tragedy.

There were no forest fires during the year, and with the two exceptions above the calls answered by both companies were for chimney and minor fires.

The East Andover volunteer company recently purchased a new Porto portable fire pump with company funds to replace the Hale portable which went out of commission during the tanker fire, and this is now on the East Andover fire truck. The two-way radios on the East Andover truck and tanker were also paid for by the company. Fees received by the firemen for parking at the bathing beach played a large part in financing these purchases of equipment.

The fire warden and deputies, the two fire companies and the selectmen take this opportunity to thank everyone for their cooperation in keeping fire losses to a minimum in 1959. It is true that the forest fire hazard was less than usual during the ordinarily dry periods in spring and fall, but nevertheless your care and caution has paid off also.

LET'S KEEP IT THAT WAY DURING 1960.

# Andover Libraries

Increased use of the Andover Library is indicated by the continued increase in book circulation. This is due in part to a greater reader interest and a more systematic addition of new publications.

Since it is not possible to adequately serve the patrons of the library in the two hours a week that the library is now open it is, recommended that the Andover Library be open two days a week, from 2:30 to 4:30 P. M. Monday and Friday. At present it is only open on Friday.

To keep the library open an extra day will mean an additional expense, mostly for salary, and we are therefore recommending that the appropriation be $650.00.

The citizens of Andover should work to eventually have better planned and more spacious quarters for the library. A ground floor location would be desirable especially for the older readers and tables should be available at which the young people could study.

The Bachelder Library was the recipient this year of a gift of around $200.00. This was money earned by a group of young ladies of East Andover at a series of entertainments and public speaking contests which they ran in the early 1900's. The money, at their request, is to be used for non-fiction and reference books with the accent on youth books. The trustees wish to thank the donors who are:

Daisy Sawyer Eastman, Ethel Currier Nelson, Bertha Walker Bogle, Stella Tuttle Thompson and Jeannette Durgin Bowlby.

## Andover Public Health Nursing Association

Mrs. Evelyn M. Klotz, R. N. is now giving the school health examinations, which include audiometer tests this year.

A rummage sale was held in October with the usual great success. The proceeds will be used for supplies as needed and for the rent of the audiometer.

Arrangements for flouride treatments and T. B. patch tests have not been completed at this time.

The committee has been unable to find a full time town nurse, and was fortunate to be able to arrange for the school examinations with Mrs. Klotz. We would welcome any leads in finding a nurse.

We wish to thank Mrs. Klotz and all others who have helped out during the past year.

## STATE TAX COMMISSION

---

**CONCORD, NEW HAMPSHIRE**

**February 1960**

This is to certify that we have examined and audited the accounts and records of the Town of Andover for the fiscal year ended January 29, 1960, and found them to be in good order. In our opinion the Exhibits included herewith reflect the true financial condition of the Town on January 29, 1960, and the results of operations for the fiscal ended on that date.

Respectfully submitted,

HAROLD G. FOWLER
Director
Division of Municipal Accounting
State Tax Commission

Joseph W. Boudreau, Auditor
C. Maurice Oleson, Accountant

# School Warrant

**To the Inhabitants of the School District in the Town of Andover qualified to vote in district affairs:**

You are hereby notified to meet at the Town Hall in said district on the 8th day of March 1960, at one o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.
9. To see if the District will vote to authorize the design. construction and equipment of an addition to the Andover High School, and to appropriate a sum of money therefor to be raised by borrowing in accordance with the provisions of the

Municipal Finance Act, RSA Chapter 33, or otherwise.

10. To transact any other business that may legally come before said meeting.

Given under our hands at said Andover this 26th day of January, 1960.

# Summary of Superintendent's Salary, 1958-59

## SUPERVISORY UNION NO 46

The Superintendent's total salary of $7,500 is paid in part by assessments against the seven districts in the union, which are pro-rated as follows:

| | |
|---|---|
| Andover | $ 631.87 |
| Boscawen | 705.00 |
| Chichester | 305.63 |
| Loudon | 457.50 |
| Penacook | 1,320.00 |
| Salisbury | 176.25 |
| Wilmot | 153.75 |
| | $3,750.00 |

These payments are made by the districts directly through the Supervisory Union office.

The remaining $3,750 is paid by the State from the fund established by the per capita tax of $2.00 for each resident pupil. Andover's per capita assessment for 1958-1959 was $420.

# School Board's Report

To the Citizens of Andover:

The members of your school board feel that Andover has some fine teachers and they have developed a good program during the year. We expect to give the teachers an increase in salary this year, but as yet a salary scale with regular increases each year has not been adopted. The Andover School District is still attempting to bring its teachers salaries in line with the state averages.

The last of our bonds have been paid so the school district is now out of debt. Because of this, our total school budget is somewhat less than last year, but our cost per pupil, especially in the high school, is still very high.

We feel improvements have been made in the school lunch program by the addition of trays so the pupils are served cafeteria style. This has worked out very well and we believe it to be a real asset to the program.

Andover will probably have to reorganize its whole school system in the near future.

The members of the school board feel that whatever program Andover adopts, it will have to do something to its present buildings. It would appear that the voters have three propositions to consider.

*No.* 1.

Enlarge the present plant so as to house all of our pupils in one building. A Citizens Committee is developing the plans for a building that will have a selectmen's room, school rooms, and a multi-purpose room with a cafeteria. Should this plan be adopted we would be able to dispose of our two elementary schools and the town hall. The voters will have an opportunity to vote on this at our annual

school meeting as there is an article in the Warrant, which if adopted, gives the school board the authority to borrow money to construct the building.

*No.* 2.

Cooperative School. The school board has continued to study the possibilities of cooperative as directed at the last district meeting. It appears that it might be possible for the towns of Andover, New London, Springfield, Sutton, and Wilmot to discuss the formation of a cooperative. The plan as developed to date would mean the enlargement of the present New London High school building so it would house grades 7-12 and would have a student population of about 300. It seems probable this would give a good educational program at a reasonable cost. As far as Andover is concerned all the grade pupils would be housed in our present high school building. Andover would have one or possibly two on the board that governed the central high school and the elementary school would be governed by the Andover School Board.

*No.* 3.

Each year the question arises in regard to sending Andover High School pupils to Franklin on a tuition basis. Each year the Andover Board has replied that although they had not investigated this proposition, they assumed that Franklin could not take any additional pupils. This year it was decided that we would have at least an expression of opinion from the Franklin Board. Mr. Kidder contacted the Franklin Board and Superintendent, advising them that this was only a proposition and possibility to present to the voters of the town. You are now all aware of Franklin's reception to the idea. After the newspaper article, the three members of the Andover Board met with with members of the Franklin Board. The Andover Board told them, after some discussion, that if the voters at the

Andover School District meeting were willing, that a sentiment vote would be taken in regard to sending Andover High School pupils to Franklin on a tuition basis.

We would like to express our appreciation to the P. T. A. and other interested groups and citizens who have cooperated in every way possible to make our schools successful.

There will be no superintendent's report this year due to a recent and serious automobile accident to our superintendent, Mr. Hounsel. We all wish him a speedy and successful recovery.

Leah J. Sleeper

Harold Kidder

Paul J. Fenton, Chairman.
